JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

BOOK REVIEWS.

All book review are by the editor in chief unless otherwise expressly stated.

A Law Dictionary—Containing definition of the terms and phrases of American and English Jurisprudence, ancient and modern—and including the principal terms of International, Constitutional, Ecclesiastical and Commercial Law and Medical Jurisprudence with a collection of legal maxims and numerous select titles from the Roman, Modern, Civil, Scotch, French, Spanish and Mexican Law and other foreign systems and a table of abbreviations, by Henry Campbell Black, M. A., author of *Treatises on Judgments, Tax Titles, Intoxicating Liquors, etc., etc.*—Second Edition. St. Paul, Minn. West Publishing Co. Price, \$6.00.

The first edition of Mr. Black's Law Dictionary met with instant approval from the profession. Concise, modern, full and systematic it took its place upon the lawyer's bookshelf at the most convenient and accessible place for constant use. This second edition is a good thing made better. A large number of new titles has been added; many of the definitions have been revised or rewritten; and terms which were new to the law when the first edition was prepared—and one will be surprised to know how many there are—have been inserted. In its present shape it is thoroughly up to date and no lawyer can well afford to be without it.

A Treatise on the Law of Trusts and Trustees, by Julius Ware Perry—Sixth Edition, revised and enlarged by Edwin A. Hawes, Jr. In two volumes. Boston. Little, Brown & Company. 1911. Law Canvas. \$13.00 net.

There is no law book upon the subject which stands higher or which has been more constantly referred to by judges and lawyers than this work of Judge Perry's. It is in fact an acknowledged authority upon trusts and trustees and that it has now reached its sixth edition speaks for its value louder than any praise can do. The present edition has been prepared in a thorough manner by Mr. Hawes, author of "The American Law Relating to Income and Principal." He has not only brought the work up to date, but added much new and valuable matter, citing a large number of new cases and discussing new questions which have arisen since the last edition was published. An examination of the volumes shows that he has done his work well and no lawyer can afford to be without this, the last and best work upon this subject.
